

wxFrame

```
classDiagram
    class wxFrame
    class PropGridFrameBase
    PropGridFrameBase --|> wxFrame
```

The diagram illustrates a class hierarchy. At the bottom is a gray box labeled 'PropGridFrameBase'. A blue arrow points upwards from this box to a white box labeled 'wxFrame' at the top. This indicates that 'PropGridFrameBase' inherits from 'wxFrame'.

PropGridFrameBase
